SUMMARY OF QUALIFICATIONS

An Information Technology Specialist who can effectively communicate technical concepts to non-technical individuals, empowering them to leverage technology to its fullest potential. Expertise lies in information technology and design, hardware security risk assessment and translation, as well as the implementation of low voltage security systems. Practical in operating, testing, and maintaining unmanned, automated, robotic, and electromechanical equipment. Knowledgeable in diagnosing and resolving hardware and software issues in computer systems both in-person and remotely. My skills bridge traditional AV engineering with modern AV-over-IP enterprise systems.

PROFESSIONAL EXPERIENCE

A/V Technician for Convent of the Sacred Heart – New York, NY – Full Time **July 2023 — July 2026**

- Troubleshot and installed ViewSonic interactive boards with VCast
- Spearheaded the replacement of Epson projectors with ViewSonic interactive displays that connected to Crestron sound systems
- Utilized JAMF Pro extensively for daily tasks, pushed created package and policies through terminal for pre-enrollment of Apple devices
- Administered both HP LaserJet printers with PaperCut software and Epson SC-P900 printers
- Provided device maintenance for Apple, Window, Chromebook, and Android devices
- Created, tested, and ran CAT6 cables to various network devices; maintained Power over Ethernet (POE) devices
- Integrated Shure and Denon Pro DN-410X sound racks with wireless microphones across large events
- Configured and connected digital signage solutions brands such as Carousel, DakBoard and BrightSign
- Provisioned Chromebooks for multiple departments and students
- Implemented Power over Ethernet (POE) camera systems across classrooms and meeting rooms
- Integrated Active Directory (AD) with enterprise systems to streamline identity and access management (IAM)

The Bachrach Group – NY, NY | Tech Support for Convent of the Sacred Heart – Contract **Dec 2022 — June 2023**

- Offered comprehensive computer and hardware support for a variety of technological device(s)
- Expeditiously troubleshot hardware, software and network issues through remote, and in-person support
- Verified printer functionality, shared storage accessibility, and application integration for uninterrupted workflow
- Efficiently performed computer imaging for seamless deployment and management of system configurations
- Facilitated the transfer of old and new machines between departments and buildings

Liquid Technology - Brooklyn, NY | Level 1 Technician – Full Time **Aug 2021 — Aug 2022**

- Utilized proprietary software for data erasure on AIO's, desktops, servers, and laptops
- Securely removed HDD, SSD, SD Cards, and other data/media from devices
- Repaired AIO's, desktops, servers, and a wide range of technological devices
- Factory reset cell phones, IP phones, televisions, cameras, Apple TV's
- Utilized a cloud-based Enterprise Resource Planning (ERP) such as IQ Reseller
- Collaborated with technicians to perform meticulous data erasure and media sanitization on refurbished IT equipment

Norma's Arts & Crafts Supplies - Brooklyn, NY | System Integration Specialist - Temp **Mar 2014 — Aug 2021**

- Lead oversight of computer systems and network design throughout the business
- Managed the installation and configuration of enterprise applications both in-person and remotely
- Ensured security by providing regular scanning, intrusion detection strategies, and briefing client on system updates
- Implemented and tested a backup strategy for resiliency
- Integrated comprehensive security protocols to the phone, computer and the businesses security system.
- Responsible for website design and consistent maintenance

POINT Consultants - New York, NY | IT Consultant (Tier I/ Dispatcher) - Full Time **Oct 2019 — Sept 2020**

- Hands on with on-sites as well as remote support ConnectWise Control
- Documented and stored Knowledge Base (KB) and Standard Operating Procedures (SOPs) in IT Glue
- Performed onsite support to troubleshoot/resolve client requests
- Strengthened endpoint security, improving compliance and reducing incident
- Deployed macOS updates across large scale enterprise environments
- Skillfully configured and troubleshot Office 365 and Google Apps (G-Suite/Okta)
- Strong work ethic and dedication to delivering quality solutions
- Closed 95% of trouble tickets on the first call without escalation

Intersection Technology Design - New York, NY | Summer Help Desk – Internship **July 2016 – Aug 2016**

- Analyzed the business requirements of all departments to determine their technology needs
- Coordinated with project managers and the user experience (UX) lead on LinkNYC kiosks

Law Office of Lawrence P. Giardina – Brooklyn, NY | IT Systems Administrator – Part Time **June 2014 - July 2014**

- Maintained and supported servers, workstations, mobile devices, printers and peripherals
- Ensured system security for desktop, mobile and cloud environments
- Set up secure WiFi, LAN and VoIP networks, including client/server configuration and performance-tuning of crucial infrastructure to ensure seamless business operations
- Authored system design documentation
- Commended for quickly resolving complex security breaches and data retention

EDUCATION

New York City College of Technology (City Tech), CUNY — Brooklyn, NY

- **Bachelor of Technology (BTech)** in Computer Engineering Technology | 2019
- **Associate in Applied Science (AAS)** in Computer Engineering Technology | 2017

Relevant Areas: Computer Hardware, Networking, Embedded Systems, Electronics, Programming, Cybersecurity, IoT, Robotics and Automation

SKILLS

Hardware: Raspberry Pi, Motherboards, IC Chips, Microcontrollers, Circuit Boards, Amps, Apple Products, AIO's, Tablets, Desktops, Laptops, Printers/Scanners, Projectors, Routers & Switches: Cisco
Languages & Operating Systems: Java Script, C++, Python, Arduino IDE, Android, iOS, Windows, Mac OSX, and Linux
Networking: LANs/WANs/SANs, TCP/IP, VoIP, DNS, HTTP, Wireless/VPN Architecture, Cisco Routers, Switches, Firewalls, Cisco IOS, iDRAC, Donte Network
Applications: CommandLink/Accession, ConnectWise, CrowdStrike, Microsoft Server 2019, Microsoft Office, IQ Reseller, Blancco, Active Directory, Canva, AnyDesk, Zoom, Google Meet

AWARDS

New York State Assembly Certificate of Merit
William Colton, September 2012
For Civic Participation to the Benefit of the Community

CERTIFICATIONS

- Google Cybersecurity by Google on Coursera - January 11, 2025
- JAMF Certified Associate - JAMF Pro – July 2024
- ConnectWise Cybersecurity Fundamentals for Engineers - June 2020
- Mosyle Certified Admin - July 15, 2020
- TestOut PC Pro (Equivalent to COMPTIA A+) - Dec 2016
